WANT NO JEWISH STATE.

The Board of Jewish Ministers of New York
Resolve Adversely on the Zion
Movement.

The Jewish communities of the United States have been aroused against the plan of purchasing Palestine from the Turkish Government and making it into a Jewish State. No better expression of opinion could be had than the resolutions unanimously carried by the Board of Jewish Ministers. They met and discussed the question on Monday of last week and again last evening, when these resolutions were agreed to. They will be adopted formally tomorrow. This "Board" consists of fifteen New York rabbis of varying shades of opinion from extreme orthodoxy to the radicalism, and may be considered their official utterance, as a body, upon this important question. Dr. Kolz, the projector of the plan for forming a Jewish State, may expect little help from American Jews who regard America as their country, first, last and all the time. The resolutions in part follow:

Whereas, we are informed that there is to be a Zionist conference at Munich August 23, 24, 25, etc.; and

Whereas, we understand that the whole is in connection with Dr. Herzl's scheme to make Palestine a Jewish state to purchase;

Resolved, That we protest against the Zionist conference taking any action which could question the loyalty and patriotism of the Jews in the countries in which they live.

Resolved, That the colonization of Palestine and emigration to that country within safe limitations be limited, and always provided that the consent of the Turkish Government be obtained.

Resolved, That we deprecate any attempt to erect Palestine into a Jewish state, except in God's Own time and in God's Own way; and therefore we are not in sympathy with Dr. Herzl's plan of acquiring Palestine by purchase.

THE SECRET OF SAVING

lies in correct buying more than in anything else. Our own experience teaches us this. To save money in buying is the daily aim of "The Big Store," and because of the large quantities which this organization can handle we are able to buy for less money than any other store, and this low buying enables us in turn to offer you

OPPORTUNITIES TO ECONOMIZE

which you will not find anywhere else. This store is daily so full of good things that it often becomes a difficult task to select a few items for an advertisement when there are so many big values which deserve mention.

To-morrow There Are Many Specials in Every Department.

Most of them you will find at very great reductions from the price at which similar qualities can be purchased anywhere else. For the Summer months we have extended our Suburban Delivery to cover nearly all the seashore points around New York, including Long Branch. Persons spending the Summer at any of these resorts will find trading with "The Big Store" very satisfactory, not only in money saving but in prompt deliveries.

Why?

AMONG WISE COUNSELS (?) IF CUSTOMERS OBTAIN GOOD VALUE they are apt to care but little for the why and wherefore! AS A RULE If the goods are what they want and they get good value for their money, they buy. CAUSES that underlie results usually do not worry them. HERE ARE SOME QUOTATIONS Not all, nor nearly all, that we could name! Sixty-five departments cry for space: we try to give every one a show—None are satisfied.

WITH SUCH A MULTITUDE of offerings as we daily give and specify by price, not as "drawing cards," but as simple records of what we have and want to sell, REASONS are impracticable. NEVERTHELESS there is a reason for all we do. Get, reasons are secondary. If prices be but right! Price and Quality tell the story!
